

Expression of interest for an international network or project creation
International Research Network (IRN)
International Research Project (IRP)
Campaign 2025 for 2026-2030 (five years)

I. GUIDELINES FOR APPLICANTS TO THE CALL OF INTEREST

The complete application must be submitted as a single PDF file containing, in order:

1. Completed IRN or IRP creation form (available at the end of this document)
2. Proposal abstract
3. CV (4 pages maximum, including major/recent scientific productions) of the French applicant and, for IRPs, of the foreign coapplicant
4. A note from the director of the French supporting laboratory

Each element can be written in French or English. The file should be named:

2025_demande_IRN_<ACRONYME>_AMI.pdf

or

2025_demande_IRP_<ACRONYME>_AMI.pdf

(where <ACRONYME> is to be replaced)

It must be transmitted to ins2i-international@cnrs.fr by **Friday, April 4, 2025, 11:59 pm CEST**.

Proposal abstract

The abstract of the proposal should present the following **in three or four pages**, in free form but very concisely:

- **The synthetic scientific program:**
 - State of the art
 - Question
 - Objectives
 - Methodology
- **The partners:**
 - Complementary nature
 - Anteriority of collaborations
- **The benefits/added value of IRN/IRP**
- **Potential additional support**
- **Long-term outlook**

Interdisciplinary proposal (if relevant)

Complete the corresponding section of the form and contact the institute for coordination with one or more other CNRS institutes.

Expression of interest for the creation of:

IRN

IRP

Acronym:

Full title:

Leader:

Email:

Laboratory:

[Optional] Other relevant institute(s):

a. 1.Context (5 lines maximum)

b. 1.Question (5 lines maximum)

c. Key words / Thematic

d. Main participants in the project on the French side (other than the project leader)

- LASTNAME Firstname, laboratory, affiliation/employer
- ...

e. Main participants in the project on the foreign side

- LASTNAME Firstname, laboratory, affiliation/employer
- ...

f. Complementarity between teams (5 lines maximum)

g. [Optional] Interdisciplinary aspects (4 lines maximum)
